

HEALTH AND OTHER ISSUES

1. You may not drive if you have had a seizure in the past _____ months.
 - a. 2
 - b. 4
 - c. 6
 - d. 8

2. If you are diabetic and your doctor is adjusting your insulin dosage you should:
 - a. be careful when you drive
 - b. have someone else drive you
 - c. walk everywhere
 - d. not worry as adjustments in insulin dosages will not affect your driving

3. If you see another driver acting or reacting in anger (“Road Rage”) you should:
 - a. distance yourself from the situation
 - b. make eye contact with the driver and show your displeasure
 - c. stay close to the driver so protect other vehicles on the road
 - d. none of the above

4. If you feel you are being followed or harassed by another driver you should:
 - a. seek help
 - b. exit only in an area where there are other people and open businesses around you
 - c. call the police if you have a cell phone
 - d. all of the above
 - e. none of the above

5. If your brakes stop working you should pump your breaks several times to build enough pressure to stop, if that does not work you should slowly apply the parking brake, if neither of these options work you should:
 - a. start shifting to lower gears and look for a safe place to slow to a stop
 - b. keep the vehicle **on** the roadway
 - c. just keep driving and hope your brakes come back
 - d. just turn off your car

6. An important feature of an antilock braking system (ABS) is that it allows you to **skid** to a stop **True False**

7. Generally, it is better to collide head-on with another vehicle than to run off the road. **True False**

8. The most important thing you can do to lessen any injuries that could result from a collision is to use your lap and shoulder belts **True False**

9. If your vehicle is hit from the rear, your body will be thrown backwards. To help prevent a more serious injury while being hit from the rear, you should press yourself against the back of your seat and put your head against the head restraint. **True False**

10. If your vehicle is about to be hit from the front, it is important to try to hit the vehicle head-on rather than try to have a glancing blow **True False**

11. It is against the law to drive over a firehose. **True False**

12. If you are involved in a collision you:

- a. must stop
- b. must try to contact the owner if you hit a parked vehicle
- c. must call the police if any person is injured or killed
- d. all of the above
- e. none of the above

13. It is a crime for you to leave a collision site where your vehicle was involved if there is an injury or death before police have talked to you and obtained the information they need. **True False**

14. At the collision scene you should:

- a. use flares or other warning devices to alert traffic of the collision
- b. leave the vehicle where it stops, even if it stops in the road, to help the police investigate the incident
- c. stand or walk in traffic lanes to alert other drivers of the accident
- d. make sure that any power lines that may have fallen as a result of the accident are not active by walking up to them and touching them

15. If someone is injured at the scene of an accident you should:

- a. not move them, even if they are in a burning vehicle or in danger of being hit by traffic, so you will not injure them further
- b. Give them anything they want to drink
- c. cover a person with a blanket or coat to prevent them from going into shock
- d. not worry about making sure the police and emergency medical squads have been called

16. In reporting a collision you should bet the names and addresses of all people involved in the collision and any witnesses, including injured persons. **True False**

17. In reporting a collision you should exchange information with other drivers involved in the crash, including: name, address, driver license number, vehicle information, and insurance company and policy number if available **True False**

18. If you are involved in a collision with a parked car and you cannot locate the owner, you should:

- a. not worry about it as you probably did not do any more damage to the other vehicle
- b. drive to the nearest police station to report the accident
- c. leave a note on the vehicle in a place it can be seen with your contact information and date and time of the collision
- d. park your car and wait for the other driver to return

19. If the collision results in an injury, death, or property damage of \$_____or more to one person's property and a report is not made by a law enforcement officer, you must report it to the Washington State Dept. of Transportation on a Collision Report form within_____day(s).

- a. \$350.00, 4
